Now your things have a place to rest and recharge.

Everything should be this simple.

INTRODUCTION /

Congratulations on your new acquisition. From now on all your pocketable accessories can be consigned to The Sanctuary when you get to the office or home. Your electronic devices will also be charging and in one place, ready for you when you move on. What could be simpler?

As a designer, I seek practical solutions to the everyday problems we all face; where to put the multitude of personal items so that they are easily located again when later needed, how to ensure nothing is overlooked when they are gathered up the next time, how to ensure your phone, Blackberry & iPod are always charged when needed; how to reduce the office desktop and home tabletop clutter. **The Sanctuary is my solution for you to enjoy.**

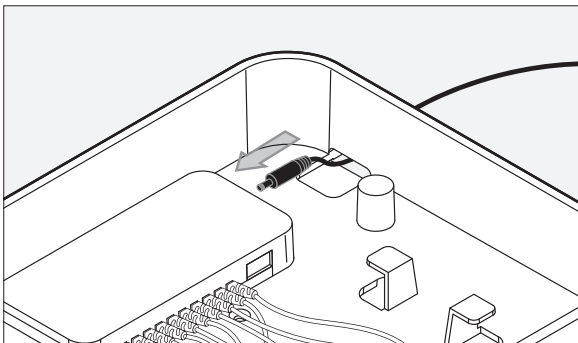

DOMINIC SYMONS

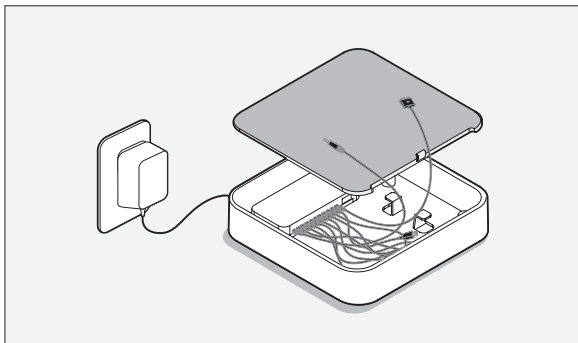

Designer/Founder, BLUELOUNGE

ALWAYS VISIT BLUELOUNGE.COM FOR MORE GREAT PRODUCTS

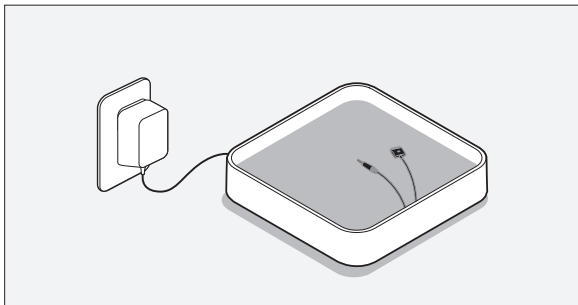

SETUP / GENERAL

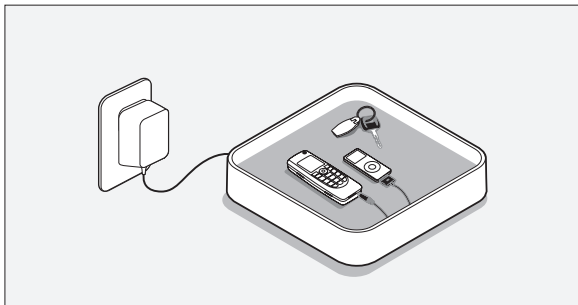

01 / Plug AC adapter into the Sanctuary as shown, then into the mains.

02 / Lift inner tray and select your connectors.

03 / Replace tray with selected connectors on top, add electronic devices and charge.

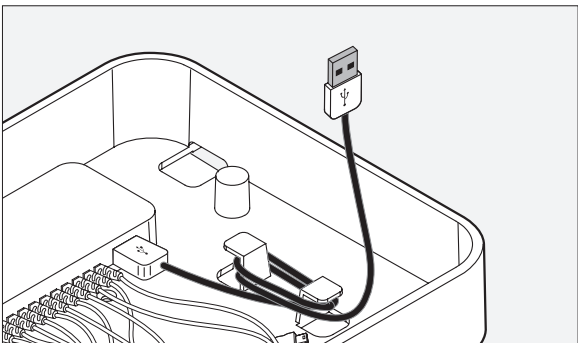

04 / Add keys, wallet and watch as desired.

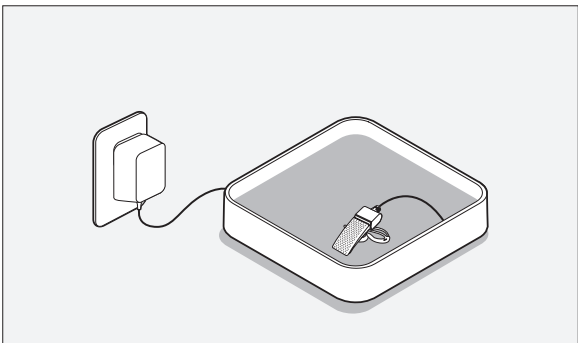

When the AC adapter is plugged in, the LED will remain on to indicate The Sanctuary is either ready for charging or is in the process of charging attached devices. The LED will flicker, dim or go dark if too many devices are connected simultaneously. This indicates that the unit has reduced or removed power from the connectors and may not charge any of the connected devices properly. Disconnect one or more devices so that the LED remains lit during the charging process.

Only use The Sanctuary with the supplied 6V power adapter.

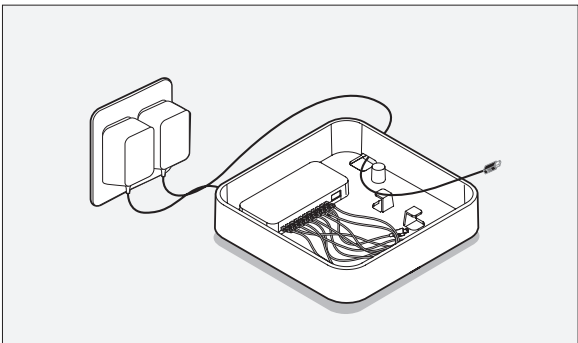

SETUP / ADDITIONAL

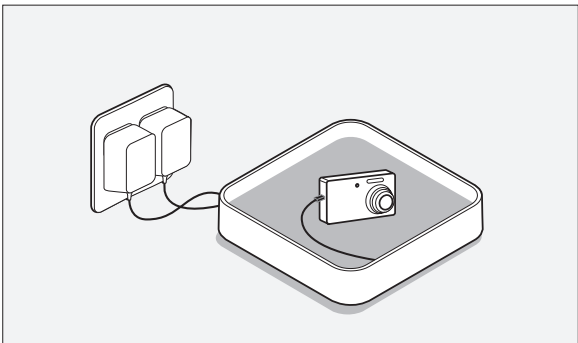

01 / Plug in own USB charge cord and wind around the cable management pins.

02 / Charge Bluetooth headsets, portable games consoles, and hundreds more devices.

03 / Add other unsupported devices by adding your existing AC adapter as shown.

04 / Pull your cords through and charge all your devices in one neat location.

USB connectors for additional devices can be purchased at www.bluelounge.com

WALL ADAPTER /

Input: 110-240V

Output: 6V - 3amps

Operating temperatures 0-40 degrees Celsius

For indoor use only

Only use The Sanctuary with the supplied power adapter

SERIAL NUMBER /

08101.0

WARRANTY /

Bluelounge Design LLC warrants the enclosed **THE SANCTUARY** to be free from defects in materials and workmanship during normal and contemplated use for a period of one year from the verifiable date of purchase from the original retail point of sale. Bluelounge makes no other representations or warranties for **THE SANCTUARY**. Bluelounge's sole obligation shall be the repair or replacement of the portion of the product that is found to be defective in materials or workmanship under normal use during the one-year warranty period. Please contact customerservice@bluelounge.com for refund and replacement information applicable to you. All returned products and receipts should be sent to: **Bluelounge Design, 32 S. Raymond Ave #9, Pasadena, CA 91105. +1 626 564 2802**

The duration of any implied warranty including that of merchantability or fitness for any particular purpose shall be limited to the one year period commencing original verifiable purchase date of the product from a retail point of sale. In no case will Bluelounge be liable for any indirect, consequential or incidental damage for breach of this or any other warranty, express or implied for any reason. The foregoing limitations are void where prohibited, and may not apply to you. This warranty gives you specific legal rights and may also have other rights that vary from place to place.

DESIGNED BY BLUELOUNGE DESIGN. Patent pending. **THE SANCTUARY** and design TM© **BLUELOUNGE DESIGN.**
